

## **Balance is Foundation**

Providing the hoof with a protective barrier from a wet or dry environment, R.A.T.E Hoof Balance keeps the internal, systemic moisture in the hoof wall and the external moisture out. It leaves the hoof with its natural balance keeping it strong and tough. Providing a protective barrier from foreign material, this 100% All-Natural solution is easy to apply, scent-free and safe for you and your horse.

- Moisturizes Dry, Brittle Hoof Horn
- Provides High Quality Show Sheen
- R.A.T.E Hoof Balance Provides Immediate Protection
- Conditions Hoof to Remain Strong and Pliable
- Use on All Hoof Types
- Durable Dauber Cap Dispensing System

## **Directions for Use...**

**Application of R.A.T.E. Hoof Balance provides the hoof protection from a wet or dry environment, keeping the systematic, natural balance in quality of the hoof horn.**

**Apply more rigorously before and after shoeing to seal nail holes and prevent chipping and cracking.**

**Apply to a clean and dry hoof as needed to provide moisture barrier from wet environment.**

**Apply as needed to moisturize dry, brittle hoof horn.**

*"We recently tried R.A.T.E. Hoof Balance at our barn and loved it! It dried right away and was specifically impressed that nothing stuck to it. We worked one particular horse after the front feet were shod to see how he went before proceeding. No dirt or shavings stuck to the foot and the shine it left on the hoof was awesome! R.A.T.E. Hoof Balance provides the hoof with protection and achieves a naturally sound hoof."*

*~ New England Horse Owner*

## The Natural Step in Hoof Care

R.A.T.E Hoof Packing's Pure-Fit Formula soothes the hoof with natural medicines maintaining a strong, pliable, and overall healthy hoof. It is a leather-based hoof pack that delivers comfort and performance throughout all applications. R.A.T.E Hoof Packing treats abscesses and sole bruising along with preventing thrush and other common hoof problems.

### Provide comfort for the horse the economic, natural way!

- Supports and Cushions Hoof and Leg
- Resists Freezing
- Leather to Hoof = PROTEIN to PROTEIN
- Clean and Easy to Use
- Will Not Absorb Moisture
- Will Not Dry Out
- Environmentally Friendly

## Available in the following Package Options:

- Box of 8 Tubes (1 Lb. Tubes, covers approximately 8-10 hooves)
- 4 Lb. Bucket
- 1 Gallon Bucket (8 Lbs.)
- 2 Gallon Bucket (16 Lbs.)

*"R.A.T.E Hoof Packing is the cleanest and easiest to use packing on the market. This record breaking cold winter I found it pliable and when it came time for a reset the material was where I left it. The sole and frog were pliable and thrush free. I will never go back to the black packing and oakum again."*

*~ Jerry Trapani, C.J.F., BWFA Master Farrier,  
Islip, NY*

## 3 Easy Steps to Using R.A.T.E Hoof Packing...

1. Thoroughly clean the sole and frog of any dirt or foreign material by using a hoof pick or wire brush if necessary.
2. Apply the R.A.T.E. Hoof Packing between the bars and over the entire sole. This will create a custom fit, making it less likely for any foreign material to become trapped between the pad and sole.
3. Use a pad or a suitable wrap to hold the hoof packing in place.

**Remember, R.A.T.E. Hoof Packing  
is a perfect complement  
to any pad material!**

## Unites with the Hoof, Not Your Hands

R.A.T.E Hoof Packing Plus is ideal for those who want to find the hoof packing where they set it. With additional natural rubber proteins mixed into our Original formula, we've achieved a dense, self-sealing hoof pack that unites with the hoof and not your hands.

- Natural Medicants Promote Strong and Healthy Hoof
- Pure Rubber Elastic Cushioning for Abscesses & Bruising
- Will Not Absorb Moisture
- Pliable & Forgiving
- Resists Freezing
- 100% All-Natural
